

## BIOME ACTION PROJECT IDEAS

- Flea market - sell old toys etc. to get money to donate.
- Bake sale - money goes to organizations
- Write letters to companies that are hurting the environment
- Protests (against salt trucks?)
- Coin drives for an organization
- Planting plants/trees
- Research how you can help a biome - use less paper, save water, save food
- Write letters to politicians who can help
- Reduce our own use of water, save food - encourage others to do the same
- Signs with information about protecting the environment
- Cleanup project (our class or with buddies)
- Write and sign a petition asking politicians to protect the biome
- Write and give a speech at assembly about helping our environment and how to do it (put the speech on YouTube?)
- Create a video, use technology - coin drive PLUS a link in Virtual Backpack to donate
- Protest companies that harm animals
- Explore legal options - how can lawyers help?
- Buy products that are rainforest certified, don't buy products that are harmful to biomes
- Research the impact of sidewalk salt on the environment - what can we do about it?
